The Song of the Cradle.

Bye, bye! Hope rises high;
There's a sweet little cradle hung up in the sky;
A dear little life that is coming to bless;
Two soft chubby hands that will pat and caress;
A pure little soul winging down from above;
A darling to care for, a baby to love.

One of the grandest agencies which enlightened Science has discovered to relieve motherhood from excessive suffering is the "Favorite Prescription" devised by Dr. R. V. Pierce, chief consulting physician of the Invalids' Hotel and Surgical Institute, of Buffalo, N. Y.

This wonderful "Prescription" imbues the entire nervous system with natural, healthy vitality; gives elastic vigor to the delicate organism specially concerned in motherhood, and makes the coming of baby entirely free from danger and almost free from pain.

"I wish to state that I have used Doctor Pierce's Favorite Prescription with very good results," writes Mrs. Katie M. Annis, of Hudson, New Hampshire. "Had been in poor health for over four years and had been twice in the hospital. My husband brought some of your 'Favorite Prescription,' and it has carried me easily through my last two confinements. We are now blessed with two healthy children, and I am sure your medicine has done me more good than all the other treatment I have ever received."

BAD HEADACHES generally arise from bad stomachs. Foul breath, bitter taste, coated tongue, sour eructations or belching of gas, are common symptoms though not all present in every case. To cure, take small doses, only one or two each day, of old Dr. Pierce's Pleasant Pellets, the Original Little Liver Pills, first put up by him over 40 years ago. One or two a laxative, three or four cathartic.

SOFTNESS OF SEALSKIN.

Its Rivaled by Human Hair Where Dandruff is Eradicated.

Sealskin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root. Newbro's Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff there is no falling hair, but a luxuriant growth of glossy, soft hair is certain. Scouring the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful suits of hair to Newbro's Herpicide. Sold by leading druggists. Send 10c. in stamps to The Herpicide Co., Detroit, Mich.

are caused by Indigestion. If you eat a little too much, or if you are subject to attacks of Indigestion, you have no doubt had shortness of breath, rapid heart beats, heartburn or palpitation of the heart.

Indigestion causes the stomach to expand—swell, and puff up against the heart. This crowds the heart and interferes with its action, and in the course of time the heart becomes diseased.

Kodol
Dyspepsia Cure

digests what you eat, takes the strain off of the heart, and contributes nourishment, strength and health to every organ of the body. Cures Indigestion, Dyspepsia, Sour Stomach, Inflammation of the mucous membranes lining the Stomach and Digestive Tract, Nervous Dyspepsia and Catarrh of the Stomach.

After eating, my food would distress me by making my heart palpitate and I would become very weak. Finally I got a bottle of Kodol and it gave me immediate relief. After using a few bottles I am cured.
MRS. LORING NICHOLS, Penn Yan, N. Y.

I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me.

TORTURED BY ROBBERS.

Tortured to the limit of human endurance by masked robbers, who applied burning matches to her flesh, Mrs. Charles Berkshire, of Brookville, W. Va., was forced Wednesday night to give the signal at which her husband, a wealthy farmer, was shot dead before her eyes. Posses of determined citizens are searching the neighboring mountains for the murderers, and, if caught, they undoubtedly will be lynched.

Mrs. Berkshire, who is in a critical condition from nervous prostration caused by the events of Wednesday night, says she retired at the usual hour that night with her husband. Shortly after midnight she was awakened by a noise in the room, and awoke to find three men, all masked, bending over her. She screamed, but was instantly bound and gagged, and tied to the bed. One of the men pointed a revolver at Mr. Berkshire's head and threatened to blow his brains out if he moved a muscle.

While one of the men covered Berkshire with a revolver, the others searched the house from one end to the other. Every drawer and closet was ransacked, but nothing of great value was found.

Then the torture of the victims was begun. They had no money in the house, and so informed the masked men, who did not believe them and beat both Mr. and Mrs. Berkshire till their bodies showed the marks of severe treatment in trying to force them to disclose where they had the money hidden. They protested that they had no money in the house, but the robbers declared the statement a lie and threatened that unless they disclosed where it was hidden both of them would be killed. When they persisted in their declarations that there was no money in the house Berkshire was made to get out of bed and stand in front of the fireplace, with a strong light shining in his face. Mrs. Berkshire was told to count ten, and the robbers said that at the tenth count her husband would be shot if he did not by that time tell where his money was. Mrs. Berkshire refused at first, and was beaten. Then burning matches were applied to her flesh, and driven almost mad by the pain, she was forced to count. At the tenth count a pistol was fired, and her husband fell dead before her eyes with a bullet in his forehead.

Fearing the noise would arouse the neighbors, the men hastily fastened Mrs. Berkshire in the bed and left her gagged, while they escaped in the darkness.

It was late yesterday morning when a neighbor found Mrs. Berkshire almost dead from the terrible ordeal she had passed through. For seven hours she lay helpless and bound where her eyes could rest upon the lifeless body of her husband.

She has no idea who the perpetrators of the crime were, but as soon as the facts became known a posse was collected to search for the men. Up to 8 o'clock last night no clue had been found, and it is now thought that some one who was familiar with the surroundings must have had a hand in the murder, but no particular person is suspected. Mrs. Berkshire's condition is serious, but she may recover.

Famous Deal Recalled.

A dispatch from San Francisco announces the death in that city of Dr. William Hammond, a pioneer and prominent physician of the Pacific slope. Dr. Hammond was a native of Maryland, and a descendant of Major General John Hammond, the ancestor of the Hammond family in Baltimore and Maryland generally, and a distinguished officer of colonial days.

Dr. Hammond went to California in the early forties, and at the time of the famous Terry-Broderick duel he officiated as one of the surgeons.

No duel in the annals of the West ever attracted such widespread attention as the famous encounter which took place between United States Senator David C. Broderick and Hon. David L. Terry who resigned his position as chief judge of the Supreme Court of California in order to challenge his opponent to mortal combat. Dr. Hammond was Judge Terry's physician in this encounter.

The case which led up to the duel was the championship of free labor by Senator Broderick.

The duel took place on September 13, 1859, near Lake Merced. Senator Broderick's pistol exploded prematurely, due to the sensitiveness of the hair trigger. Judge Terry covered his opponent and fired with a most deliberate aim. The bullet entered Senator Broderick's right breast. He lingered between life and death for three days, and died on September 16

Judge Terry attempted to escape from the State, but was arrested and obtained a change of venue to Marin county, where his partisans were very strong, and during the following year he was acquitted.

Several years ago Judge Terry was killed by a U. S. Marshal who was accompanying Judge Field of the U. S. Supreme Court. It was supposed that Terry was about to attack Judge Field.

Women in Our Hospitals

Appalling Increase in the Number of Operations Performed Each Year—How Women May Avoid Them.

Going through the hospitals in our large cities one is surprised to find such a large proportion of the patients lying on those snow-white beds women and girls, who are either awaiting or recovering from serious operations.

Why should this be the case? Simply because they have neglected themselves. Ovarian and womb troubles are certainly on the increase among the women of this country—they creep upon them unawares, but every one of those patients in the hospital beds had plenty of warning in that bearing-down feeling, pain at left or right of the womb, nervous exhaustion, pain in the small of the back, leucorrhœa, dizziness, flatulency, displacements of the womb or irregularities. All of these symptoms are indications of an unhealthy condition of the ovaries or womb, and if not heeded the penalty has to be paid by a dangerous operation. When these symptoms manifest themselves, do not drag along until you are obliged to go to the hospital and submit to an operation—but remember that Lydia E. Pinkham's Vegetable Compound has saved thousands of women from surgical operations

When women are troubled with irregular, suppressed or painful menstruation, weakness, leucorrhœa, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, bloating (or flatulency), general debility, indigestion, and nervous prostration, or are beset with such symptoms as dizziness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, "all-gone" and "want-to-be-left-alone" feelings, they should remember there is one tried and true remedy.

The following letters cannot fail to bring hope to despairing women.

Mrs. Fred Seydel, 412 N. 54th Street, West Philadelphia, Pa., writes:

Dear Mrs. Pinkham:—

"I was in a very serious condition when I wrote to you for advice. I had a serious womb and ovarian trouble and I could not carry a child to maturity, and was advised that an operation was my only hope of recovery. I could not bear to think of going to the hospital, so wrote you for advice. I did as you instructed me and took Lydia E. Pinkham's Vegetable Compound; and I am not only a well woman to-day, but have a beautiful baby girl six months old. I advise all sick and suffering women to write you for advice, as you have done so much for me."

Miss Ruby Mushrush, of East Chicago, Ind., writes:

Dear Mrs. Pinkham:—

"I have been a great sufferer with irregular menstruation and ovarian trouble, and about three months ago the doctor, after using the X-Ray on me, said I had an abcess on the ovaries and would have to have an operation. My mother wanted me to try Lydia E. Pinkham's Vegetable Compound as a last resort, and it not only saved me from an operation but made me entirely well."

Lydia E. Pinkham's Vegetable Compound at once removes such troubles. Refuse to buy any other medicine, for you need the best.

Mrs. Pinkham invites all sick women to write her for advice. Her advice and medicine have restored thousands to health. Address, Lynn, Mass.

Lydia E. Pinkham's Vegetable Compound Succeeds Where Others Fail.

Man's Reasonableness

is often as great as women's. But Thos. S. Austin, Mgr. of the "Republican," of Leavenworth, Ind., was not unreasonable, when he refused to allow the doctors to operate on his wife for female trouble. "Instead," he says, "we concluded to try Electric Bitters. My wife was then so sick she could hardly leave her bed, and five [5] physicians had failed to relieve her. After taking Electric Bitters she was perfectly cured and can now perform all her household duties." Guaranteed by E. S. Leadbeater & Sons, druggists, price 50c.

Taking Desperate Chances.

It is true that many contract colds and recover from them without taking any precaution or treatment, and a knowledge of this fact leads others to take their chances instead of giving their colds the needed attention. It should be borne in mind that every cold weakens the lungs, lowers the vitality, makes the system less able to withstand each succeeding cold and paves the way for more serious diseases. Can you afford to take such desperate chances when Chamberlain's Cough Remedy, famous for its cure of colds, can be had for a trifle? For sale by Gibson & Timman and W. F. Creighton & Co.

Strictly Genuine.

Most of the patent medicine testimonials are probably genuine. The following recently appeared in the Aitcheson (Kan.) Globe: "Joe Tack, a well-known engineer, running on the Missouri Pacific between Wichita and Kiowa, lately appeared in a big one, with a picture, and when he was in this office today, we asked him about it. He says he had terrific pains in his stomach, and thought he had cancer. His druggist recommended Kodol and he says it cured him. He recommended it to others who were also cured." Kodol Dyspepsia Cure digests what you eat and cures all stomach troubles. Sold by W. F. Creighton, 401 King street, and corner Queen and Patrick streets.

AND VIRGINIA ADVERTISER

FRIDAY EVENING, MAY 5, 1905.

THE STRIKE situation in Chicago, previously serious, has been rendered more so by a race issue which has been brought about by the introduction of negroes into the city as strike-breakers. "Never trust a negro with a gun" has long been a maxim of southern people, and it would have been well if the people of Chicago had acted upon it. There is reason to believe that some blacks who have been armed in Chicago have not exercised discretion, but have abused the privileges of self-defense extended them and have used pistols, bricks and bludgeons too freely and unnecessarily. The race issue now complicates the situation, and this is likely to become one of the gravest questions in connection with the struggle. Over 1,000 non-union negro drivers have been imported from southern points, and so reckless has been their behavior in many instances that even the leading members of the Employers' Association express regret that their services were ever asked. Yesterday afternoon all agents who are sending in strike breakers were notified by telegraph to send no more negroes, and the employers are considering means to get rid of the negroes that are now there. The manner in which the negroes have been displayed is largely responsible for the outburst against them. From the various railroad stations they have been marched in semi-military array through the streets to the barns of the teaming companies, most of them carrying heavy hickory bludgeons, and scores of them displaying the butts of their revolvers from their pockets. At first the street crowds viewed these marching companies with amusement, but since 30 or 40 of the negroes have fired their revolvers at random into crowds of strike sympathizers, wounding many innocent persons, the popular feeling has turned to resentment toward them, and when a company of them was marching toward the stables of the Employers' Teaming Association yesterday it was hooted along the whole route, people who had no interest in or against the strike crying out; "Send the blacks away, fight white men with white men!" The police authorities were quick to notice this drift of popular sentiment and have advised the employers that if they do not wish to run the danger of precipitating race riots and serious mob violence the negroes should be gotten rid of at once.

TOMORROW will be the last day when one can pay his capitation tax and in that way place himself in a position to register and vote for the city officers who present their names at the primary on the 29th inst. and also for the contest for United States Senator. Governor of the State and the various offices for which candidates have announced themselves to be voted for at the democratic State primary in August or September next. After this the parties will line up for the battle of November 7th and it is important that every man, certainly every white man, should pay his poll tax and take his position in the ranks with those who have determined that Chairman Semp, of the republican State committee, shall find a far different task before him when he undertakes to control a State instead of a district. The poll taxes paid so far number between twelve and thirteen hundred, which is far below the registered list, showing that many are indifferent to such matters. Such men cannot be driven, but may be persuaded to preserve their citizenship by a little more missionary work, and it is hoped that at the close of the office of the City Treasurer tomorrow there will be in Alexandria only a few, a very few, white men who have allowed themselves to be disfranchised. At the primary election in May 1904 about 900 votes were cast; at the presidential election, about 990.

PROSECUTIONS of the steel trust, the beef trust, the harvester trust, the owners of private car lines and several trunk lines of railway will, it is said, follow an investigation which will be made immediately by the Interstate Commerce Commission. The commission leaves Washington for Chicago today to begin an investigation of the operations of the private car lines owned by the Armours, the International Harvester Company, refrigeration charges for the transportation of fruit, terminal charges and the rebate question in connection with private car lines. This investigation should have a far-reaching effect, and prosecutions of many trusts for violations of the Elkins anti-rebate law may follow, as the Interstate Commerce Commission now has a great deal of evidence which shows that this law has been violated. The question of the private car lines entering into exclusive contracts with a number of trunk lines will also be investigated.

WITH the purpose of bringing suit to test the validity of the Chinese exclusion law, Sir Chentung Liang Cheng, the Chinese Minister, has issued a confidential circular to all Chinese in this country directing that they furnish him with reports of deportations of Chinamen on the ground of non-registration since the expiration of the exclusion treaty. In each case an estimate is to be made of the amount of damages that should be claimed. In what particular the attack upon the law is to be made is not known to the government officials. They hold that the right of Congress to enact laws to exclude from this country Chinese or anybody else cannot be assailed successfully. It is held by some lawyers of repute, however, that there are phases of the Chinese exclusion law which will not stand a test in the courts.

THESE are truly times of sports. Yesterday over fifty thousand people witnessed a horse race, and daily the baseball games are attended by thousands upon thousands of men and women.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., May 5.

The International Railway Congress split into sections this morning and commenced the work of the quinquennial meeting that has brought together railroad men from all corners of the world. Those interested in particular branches of study have registered in the section to which have been assigned their special topics, and from now on until the closing ceremonies the work of the delegates will be of a technical order, interspersed with social functions. This afternoon Vice President Fairbanks gave a reception in the East Room of the White House. All the delegates attended. The American Railway Appliance exhibit continues to absorb the interest of the foreigners. Demonstrations of signaling and switching devices are made all day long and late in the evening. No locomotives are on the show grounds in Monument Park, but on the tracks laid there the place of the big engine is taken by railroad automobiles. Manufacturers of these successors to the handcar and railway velocipede have full exhibits. The big interlocking station resounds not with the exhaust of locomotives but the rattling cough of automobiles on flange wheels, several of which go sailing over the cross-over switches to demonstrate the operation of the automatic signals. The gigantic map on which was flashed Wednesday evening the progress of the message around the world is now used for time flashes by the Naval Observatory. The twelve o'clock signal is flashed and hourly signals during the afternoon.

Secretary of War Taft has sent a cablegram to Gen. Geo. W. Davis, governor of the Panama Canal Zone ordering him home. Gen. Davis is suffering from malaria and the doctors there think it advisable that he should return to the United States. Judge Magoon, will succeed Gen. Davis as governor of the canal zone.

The State Department has been advised of the arrival at Madrid of the new United States Minister to Spain, Mr. Wm. M. Collier.

Baroness de Vortz Salmo, one time social queen in the capital of Austria, subsequently circus rider and maid in this country, was arraigned this morning in the police court on the charge of grand larceny. Just as the clerk of the court read the charge the baroness fainted dead away and was carried to an adjoining room. She entered a plea of not guilty, waived preliminary hearing and bond in the sum of $1,000 was fixed to hold her for the action of the grand jury.

The marriage of Miss Frances Newlands, daughter of Senator Newlands, of Nevada, to Lieutenant Leopold von Bredow, of the Cuirassier guards in the German army, will take place here tomorrow. The wedding will be a quiet affair at Woodley, the Washington residence of Senator Newlands.

President Samuel Gompers, of the American Federation of Labor, is anxious to go to Chicago in an endeavor to arbitrate the strike. "But I cannot go on my own initiative," he said today, "as that might be construed as an unwarranted interference. But if I should get a request or an invitation from either side, even so much as an intimation that my services are desired, I would leave for Chicago on the first train."

Catholic Church and Colored Race.

The archbishops composing the hierarchy of the Catholic Church of America met in annual session yesterday morning in Caldwell Hall of the Catholic University, Washington. There were present Cardinal Gibbons, of Baltimore, presiding, and Archbishops Ireland, of St. Paul; Christie, of Portland, Oreg.; Farley, of New York; Ryan, of Philadelphia; Keane, of Dubuque; Riordan, of San Francisco; Glennon, secretary, of St. Louis; Bishops Maes, of Covington, Ky.; Foley, of Detroit; Hortsmann, of Cleveland, and Harkens, of Providence, and Mgr. O'Connell, rector of the university.

The chief subject of discussion was the duty of the church toward the colored people, the necessity of organized and efficient work, and the establishment of centers where christian faith may be taught. It was brought out during the discussion that because of the growing obligations to meet the necessities of the increasing white population the colored brethern had been somewhat neglected. To remedy this the church, in so far as its archbishops are capable of directing it, will devote its best energies to the education and enlightenment of the colored people.

As the first step to that end the archbishops have decided to establish a bureau in Washington, putting in charge some distinguished priest who will give all his time to the work of promoting the christian welfare of the colored people.

School Superintendents.

After electing eighty-six school superintendents the State school board in Richmond last night adjourned until May 23, when the rest will be chosen. There are contests in all the cases passed by. There were some consolidations.

Among the superintendents chosen were the following, asterisks indicating those re-elected: Alexandria county, Julian P. Baldwin; Clarke, Frederick, and Winchester, M. M. Lynch;* Fairfax, M. D. Hall;* Fauquier, W. C. Marshall;* Loudoun, L. M. Shumate;* Orange, E. W. Scott; Page, C. E. Graves;* Prince William, H. M. Clarkson;* Rappahannock, Charles Green; Shenandoah, J. B. McInturff;* Spottsylvania, Dr. T. W. Dew: Stafford and King George, James Ashby;* Warren, G. E. Roy;* Westmoreland, Thomas Brown.*

News of the Day.

The are now 30,982 rural free-delivery routes in operation.

A typhoon has done enormous damage along the coast of China and some of the ships of the Russian second Pacific squadron are reported to have suffered serious damage.

The care of Catholic immigrants and the general welfare of the church was the main question discussed at the annual meeting of the archbishops of the Catholic Church, which began in Washington yesterday. Cardinal Gibbons presided.

The New Jersey board of pardons has refused to commute the death sentence of Mrs. Anna Valentina, of Paterson, N. J., who was convicted for the murder of Rosa Silva. The murder was prompted by jealousy. Mrs. Valentina's counsel said that he would apply to the United States Court for a writ of habeas corpus, on the ground that the woman did not have a fair trial.

James Hunter, a farmer living at Bridgeman, Minn., yesterday put some dynamite, with which he intended to blow out some stumps, in the kitchen stove oven to thaw. He then forgot about it and went to town. Shortly afterward an explosion wrecked the house and killed his wife and two children. One of the children, a boy, was blown through a window. When Hunter returned home and found what had resulted from his forgetfulness he became violently insane and is now under restraint.

One of the greatest crowds that ever gathered to see a thoroughbred race in America was at Belmont Park yesterday to witness the sensational running of the Metropolitan Handicap, in which James R. Keene's three-year-old Sysonby and O. L. Richards' hardy four-year-old Race King finished so close together the judges were unable to separate them. Both owners announced their satisfaction with the result as it stood, and the purse, amounting to more than $14,000, was divided. Sysonby was the favorite in the betting, his stable mate, Delhi, having been withdrawn.

Peter Hubbard, a negro, aged twenty-two years, was placed in the jail at Clayton, a suburb at St. Louis, yesterday, after having escaped lynching twice in twenty-four hours for having, it was alleged, entered the room of Miss Myrtle Bennett, by whose father Hubbard was employed. At two different times crowds caught Hubbard and were preparing to hang him. The first time cooler judgment prevailed and he was told to leave the country. The second time, before daylight yesterday, a watchman saved him by prevailing upon the crowd to let the law take its course, and Hubbard was placed in jail.

Capt. C. L. Parks, of the Independent Line steamer H. B. Plant, lies mortally wounded at his home in Hyde Park, Tampa, Fla., and Harry Bomford, a prominent plumbing contractor, is in the county jail as the result of a shooting affray which occurred yesterday afternoon at the residence of former. Capt. Parks found Bomford in his home with his wife, and after bitterly upbraiding him for invading his home, shot him with a revolver which he took from the mantel, the bullet striking Bomford in the left shoulder, inflicting only a slight wound. Bomford then drew a pistol and shot Capt. Parks just above the heart. Doctors believe the wound will prove fatal.

A deadlock, which developed at Hartford, Conn., last night in the caucus of republican members of the Connecticut general assembly, called to nominate a successor to the late United States Senator Orville H. Platt, was broken on the thirty-seventh ballot early this morning by the nomination of Representative Frank B. Brandegee, of New London, by a vote of 120, the number necessary for a choice. The republicans have an overwhelming majority in both Houses of the Assembly and Brandegee will without doubt be chosen as Senator on next Tuesday, when by law the assembly, in joint session, begins voting for the election of Senator Platt's successor.

Anti-Semitic Disturbances.

News of anti-semitic disorders in the Crimea show that they were on a larger scale than the first reports indicated. At Melitopol the people set upon Jews and fought a regular battle with stones and revolvers. The few police and thirty soldiers in the town were powerless. When the Jews fled, defeated, the Christians, from noon until midnight, held a carnival of pillage and plunder. Every shop except two jewelry stores was sacked, the crowd only desisting when exhausted. The number of killed or wounded is not given.

At the village of Orloffsky, in the Crimea, the rioting took the form of an attack upon the Baptists. The peasants, under the direction of the village authorities, directed an assault upon the church. No one is reported to have been killed.

Great excitement has been created at Tiraspol, Russia, by a story to the effect that a twelve-year-old boy named Romashko had been enticed into a cave by Jews, who opened his breast and took a pint of blood for use in the rite known as the blood atonement. The peasants began to talk of making an anti-Jewish crusade, but trouble was avoided by a prompt investigation made by the local authorities, who discovered that the boy told the story in obedience to a peasant who harbored a grudge against the Jews.

The Chicago Strike.

Sheriff Thomas E. Barrett, of Cook county, will take active control of the strike situation in Chicago today. So much pressure has been brought to bear on him and on Mayor Dunne by business men, who believe their interests to be seriously imperiled by the constant rioting in the streets, that the sheriff has sworn in a large force of deputies, and he will take active steps to do away with the present disorder. Two hundred deputy sheriffs were sworn in yesterday afternoon at the office of Sheriff Barrett, and it is expected that 2,000 deputies will have been enrolled by tomorrow evening.

Governor Deneen, after an interview with business men, decided yesterday that the exigency for sending troops has not yet arisen.

Virginia News.

Judge F. M. McMullan, formerly judge of the Madison county court, died Tuesday, of pneumonia, in Henderson, Ky.

Miss Nola O. Beamer, daughter of G. H. Beamer, of Morrisonville, was married yesterday to Elton V. Tribby, of Wheatland, Loudoun county.

Mr. Robert L. Watson, aged about 75 years, a member of the firm of Watson & McGill, tobacconists, of Petersburg, died yesterday from a complication of diseases. He was a native of Glasgow, Scotland.

The State Grand Lodge of Odd Fellows will meet in Lynchburg next Tuesday to remain in session two days. A large number of delegates will go from here, some of them leaving Sunday. One of the most interesting features of the session will be the contest for the office of grand warden.

Mrs. Shepherd K. Smith, charged with having whipped to death her son Ralph, aged 5 years, was arraigned in the Manchester Police Court yesterday, but waived examination. Mrs. Smith's husband, charged with the same offense, was brought to Richmond last night from New York, where he was arrested.

Great quantities of rich iron ore are being dug out of the Blue Ridge Mountains at Castleman's Ferry, Clarke county, and shipped to Clifton Forge, Buena Vista and Shenandoah. Large barns to house 100 mules, and houses for as many more men, are under construction. The place is enjoying a regular boom.

L. P. Summers, the new collector for the western district, has removed J. L. Hamilton, of Rockbridge county, who for nearly three years has held the position of stamp deputy collector in Lynchburg, to make room for C. A. Heermans, of Christiansburg, who represents Montgomery county in the legislature. The change goes into effect next Monday.

A bold attempt to rob the residence of German Smith, in Winchester, was made early yesterday morning, and the thief would have succeeded but for the unexpected appearance of Mrs. Smith, who, armed with a 38-caliber revolver, fired at the man from the window. As the man ran she fired several more shots, one of which struck him. The intruder, however, escaped.

GEN LEE'S FUNERAL.

After the Gazette's account of the funeral of Gen. Fitzhugh Lee, in Richmond, closed yesterday evening, the remains of the general were laid to rest in Hollywood Cemetery. The funeral was marked by an impressing demonstration.

One of the largest crowds ever assembled there witnessed the procession, and it took every minute of the four hours allowed to the ceremonies to move the masses of troops and carriages and to conduct the services at church and grave. The troops formed on Broad street and perfected the line of march by passing in review in front of the church.

They were followed by the specially invited and distinguished guests in carriages. Ex-Gov. O'Farrall was chief marshal.

A conspicuous figure among the occupants of the long line of carriages which brought up the rear of the procession and which contained officers of the United States army and Union and Confederate veterans, was Rev. J. William Jones, the venerable chaplain of the Army of Northern Virginia. Rev. Dr. Jones wore a full suit of Confederate gray, with old slouch hat to match.

Lieutenant Governor Joseph E. Willard, acting for Governor Montague, who is sick at the executive mansion, accompanied Governor Warfield, of Maryland, in an open barouche, and their respective staffs, brilliant in lace and plumes, rode behind them.

During the funeral the Howitzers fired 17 guns in Capitol Square and the bells of the city were tolled.

The casket of General Lee was borne on a caisson draped in black and drawn by six black horses covered with black netting, while at each horse's head was a member of the Howitzers, his shako towering above the heads of the animals.

One of the most striking features of the parade was the riderless horse that followed the caisson and casket. Kelly, a beautiful bay stallion, was selected for the honor. His accountrements were covered in a long black pall, the cavalry man's boots, with the spurs to the front, and the saber caught up to the pommel on the right side.

The services at the grave were brief. A military salute was fired over the grave, and the soldier-citizen was laid to his long rest in the spot of his own choosing.

Raffling Forbidden.

Mayor Buxton of Newport News last night issued a statement, in which he announced that hereafter no raffles would be permitted at fairs and bazzars held in that city. The Elks' bazaar closed Wednesday night. After stating that both precedent and lack of criminial intend led him to believe the violators of the law should not have been held amenable in the instance called to his attention, he says:

"Since, however, the statue does in terms embrace all raffles and lottery for whatever purpose conducted, with the end in view that no injustice be done and that every one be put on guard, I desire to state that in future all raffles or lotteries, for whatever purpose conducted, will be deemed to be in violation of the statue, so that the proper tribunal may pass upon the intendment and proper application of the statute."

The statement of the mayor was shown to Rev. E. T. Wellford, who had brought the matter to the attention of the mayor and asked him to act. Mr. Wellford stated that the matter is quite satisfactory to him. He stated that he had never at any time desired the prosecution of any one, but that his only desire was to have gambling stopped in the city.

Today's Telegraphic News

The Nan Patterson Case.

New York, May 5.—Nan Patterson must remain in prison for some days at least although it is the general opinion that the District Attorney will decide to release her on bail. Mr. Jerome will not return to New York until Monday while Mr Rand is also out of town for a few days. It looks now as if a consultation of the District Attorney and his subordinates will be held on Monday, and that the future of the girl will then be decided.

Lawyer Levy, leading counsel for Miss Patterson, appeared at the District Attorney's office today, but found no one there with authority to act in the girl's case. Mr. Levy thinks that only nominal bail will be required for Miss Patterson, and that her release is only a question of a few days.

Miss Patterson's lawyers believe that the indictment against the girl will be quashed very soon after her release.

While Miss Patterson's condition is improved today she is still ill and suffering.

Miss Patterson's father and two of her lawyers visited her today.

It is almost positively known that the jury stood 8 to 4, for acquittal. A juryman whose name, of course, cannot be given, says the jury so stood on the final ballot. He added:

"No member of the jury believed Young shot himself. Every member of the jury did believe that Miss Patterson shot him through an accidental bluff. Those favoring an adverse verdict were bound to some extent by the manner of living of the defendant. Murder in the first degree was never considered for an instant. Those who remained firm in their belief of the girls's guilt desired no severer punishment than manslaughter in the second degree."

Judge Foster, in general sessions, this morning, quashed the indictment for conspiracy against J. Morgan Smith and his wife. The judge, in making his decision known, took occasion to score the grand jury that found the indictment, and indirectly he hit at District Attorney Jerome for methods used in handling this end of the case. Judge Foster says that there was no evidence in the minutes of the grand jury showing conspiracy on the part of the defendants.

Nothing has been definitely decided regarding Miss Patterson's future. Daniel O'Reilly, one of her counsel, said this morning she would probably go back to the stage. He says the actress has received scores of offers, but so far she had considered none of them. "She has no money," Mr. O'Reilly declared, "and must earn her living. The only thing she is fitted for is the stage."

Albany, N. Y., May 5.—District Attorney Jerome said today that he will not decide as to whether or not he will retry Nan Patterson until he returns to New York on Monday. Mr. Jerome is here in the interest of certain legislation which he hopes will be enacted today.

The Russian Fleet.

London, May 5.—A private telegram received here today from Singapore says that Admiral Nebogatoff's Russian squadron, when sighted this morning, was going very fast in an easterly direction. Admiral Nebogatoff is expected to proceed to Saigon for provisions and coal before sailing for Admiral Rojestvensky's rendezvous.

St. Petersburg, May 5.—According to a report heard in admiralty circles, Admiral Rojestvensky has sailed south to effect a junction with the vessels of Rear Admiral Nebogatoff's squadron, which entered the China Sea today. This action has been taken, it is said, because the Russians have been informed that Admiral Togo had sent a number of cruisers for the purpose of disabling Nebogatoff's fleet before it could join Rojestvensky. According to this report, the Japanese vessels were watching Sunda Strait, between the islands of Sumatra and Java, through which Nebogatoff intended to sail. The Russian commander discovered this, and returned to the north and passed through the Strait of Malacca. Rojestvensky in sailing south is taking steps to protect his secondary fleet.

Suicide of Young Man.

Baltimore, Md., May 5.—"No love, no life for Henry L. O'Neil." This is given as the reason for the young man's suicide at 10:15 o'clock this morning at the home of his mother, 1817 west Lanvale street. He shot himself through the heart with a .32 calibre revolver, and died before any medical aid could reach him. According to the story, the young man, who is a son of John O'Neil, of the United States navy, at Washington, was engaged to a Miss Grace O'Neil, of that city. Though of the same name, they were not related. The word suddenly went around that the young man had been jilted. He seemed to take it very hard. This morning he came over from Washington at 2 o'clock and went at once to his room and then to the kitchen. Nothing more was seen of him till the pistol shot rang out and the frightened mother rushed to the kitchen to find him dead on the floor in a pool of blood.

The Amalgamated Association.

Detroit, Mich., May 5.—The wage committee of the Amalgamated Association has completed its report, but the latter is being closely guarded to prevent any information leaking out until the schedules are laid before the convention next week. Among the delegates it is believed that the committee will recommend an increase of from 10 and 15 per cent on all classes of work. The old fight between President Shaffer and President Gompers, of the American Federation of Labor, has again cropped out; it being the intention to lay before the convention a proposition to send a delegate to the industrial union which meets in Chicago June 27. This is a rival organization to the American Federation of Labor.

Burned by Explosion of Gas.

Shamokin, Pa., May 5.—Five men were horribly burned in an explosion of gas in Hickory Swamp colliery this morning. They are Wally and Frank Shuminski, Peter Jacob, W. Frank Kopitschi and Daniel Keegan. Jacob and Kopitschi will die. The men walked into a body of gas in a chute, and set it off with their naked lamps. The fire boss had made his rounds, but a short time before, and found everything clear of gas.

Conditions in Russia.

St. Petersburg, May 5.—Word has just reached here of a serious military revolt which occurred at Sevastopol, where several hundred soldiers mutinied. The soldiers became intoxicated and soon were beyond all control. They started a riot and perpetrated many outrages. When a force of troops was sent to quell them and restore order, the mutineers offered armed resistance. A fierce fight followed in which many were killed and wounded.

Warsaw, May 5.—Notice that the leaders of the attack on the people in the trouble of May 1 have been condemned to death by the "the dagger, bomb or pistol," is contained in a proclamation issued by the social democratic party. The proclamation names five men, three army officers, and two police inspectors, as the instigators of the firing on the people and their punishment by death is ordered. The men against whom the decree is levelled are: Captains Lankow and Konstantiow, Lieutenant Gontarew, and police inspectors Dawydow and Kanalsky.

London, May 5.—The correspondent of the Pall Mall Gazette at St. Petersburg wires that, notwithstanding the cancellation of the call for a meeting of representatives of the Zemstvos to discuss plans for the establishment of a national assembly and the later positive prohibition of such a meeting, representatives of thirty-four of the Zemstvos are meeting in Moscow today. The delegates are meeting in secret in defiance of orders from the police. The purpose of the gathering is to formulate principles upon which a Russian national assembly may be established. The delegates also propose to promulgate a charter for Russian liberties.

St. Petersburg, May 5.—Members of the nobility will open a congress here in the near future. The meeting is called for the purpose of adopting resolutions of importance on the subject of a constitution for Russia.

Moscow, May 5.—The presence of the Zemstvos congress, composed of representatives of many of the local Zemstvos, is causing considerable excitement in the city. The meeting is being held in private apartments and the police have not yet taken any steps to stop the session.

Vienna, May 5.—A dispatch received here from Warsaw says that Inspector Abrahamovicz, who was regarded by the police as being responsible for one of the massacres of May 1, was found dead today. Five revolver wounds told the story of how he had met his death.

Moscow, May 5.—A fire occurred last night in the Orckhovo district, which is the manufacturing section of the city, and where the Moscow and Immerus factories are located. A riot accompanied the fire which led to the calling out of the police. An immense crowd was attracted to the fire and turbulent spirits at once started trouble. The people pressed so closely on the firemen that they were prevented from taking advantage of positions from which to fight the blaze. Others cut the hose, thus crippling the apparatus. Still others made the fire the occasion for robbing the buildings in the neighborhood. As the result of the interference with the firemen, the blaze communicated to a number of adjoining houses, and threatened to cause a great deal of damage. The police were called and attacked the crowd. A street fight followed in which it is reported several people were killed and more wounded.

Uprising in Arabia.

Vienna, May 5.—The Friele Press has a report from Yemen which gives an account of further disturbances in that district of Arabia. All the administrative officers of the district have been killed by rebels. Their places have been taken by members of the reform commission which recently arrived there. Owing to the grave character of the uprising it has been decided to send 50,000 troops to Yemen from Macedonia.

Selected Moroccan Giant.

Berlin, May 5.—During his visit to Morocco, Emperor William selected a Moroccan giant whose height is six feet eight inches, as drummer in the first regiment of the Infantry Guards stationed at Potsdam. The Sultan granted permission for the giant to leave Morocco, and he will arrive at Potsdam on Sunday next. The Emperor has designed a special uniform for the exotic drummer.

Germany's Threat.

Berlin, May 5.—Major General Bruchhausen, a prominent member of the military party, has created something of a sensation by making a declaration that Germany will declare war against France if the French government persists in ignoring Germany's rights in Morocco. The German army, General Bruchhausen says, would annihilate the French army.

Coming International Fight.

San Francisco, May 5.—The sale of seats for the international fight between Jimmy Britt and Jabez White, tonight, is large. Both fighters have ceased their hard training. Britt says he intends to wade into White as he did in his battle with Gans, and White declares he will be ready for the local man when he charges. White is full of confidence. So is his manager, Charley Mitchell. White is in superb condition. Should Britt defeat him, the Englishman will have no excuses to make on the score of lack of condition. Betting so far is light, but the prevailing odds are two to one in favor of Britt. The belief is general that the Englishman is not strong enough to whip Britt.

New York Stock Market.

New York, May 5.—An impression prevails in the board that the urgent liquidation that caused the extreme low range of prices yesterday had practically been completed and on this idea there was a good deal of buying back of stocks sold on its decline under fears of a general collapse in prices. The statement, apparently from inside sources, to the effect that there will be no trouble at the Union Pacific stockholders' special meeting today helped to restore confidence in the speculative situation.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucuous surfaces.

DIED.

At his residence, 119 south Columbus street, at 4 o'clock this (Thursday) morning, May 4, JOHN D. H. LUNT, aged 53 years. Funeral from the Methodist Episcopal Church South on Saturday afternoon, May 6, at 4 o'clock. Friends of the family are invited to attend.

From Richmond.

[Special Dispatch to the Alexandria Gazette.]

Richmond, May 5.—The announcement of the list of school superintendents falls like bombshells in political camps. The political endorsements were disregarded and the board showed a disposition to raise the standard of school officers. People at large seem pleased at the innovation.

Lieut. Gov. Willard is still acting Governor and will not resume his political campaign until Gov. Montague is out. The latter will be unable to take the stump for 10 days. The Lieutenant Governor is widely commended for his fine executive ability shown in connection with Gen. Fitzhugh Lee's funeral.

The Situation in Chicago.

Chicago, May 5.—Chicago will take care of herself. The city will be allowed to show Governor Deneen that the aid of the troops is not necessary for the suppression of disorders arising from the present teamsters' strike. The chief executive of the State, after a three hours conference with representatives of Chicago employers last night, said he would investigate matters for himself today or Saturday and in the meantime depend upon the efforts of Mayor Dunne and Sheriff Barrett, that the local authorities are equal to the emergency.

Mayor Dunne and Sheriff Barrett held a conference last night, after learning of Governor Deneen's decision, and decided to work in harmony for the best interests of the city. Barrett has given assurance that if he finds within reasonable time that he cannot control the disorderly element he will ask for State aid. His deputies and all the special and regular police are on duty this morning, and Chief O'Neill reports unusual quietude throughout the strike district.

A committee representing the Chicago Federation of Labor conferred with the Governor at Springfield yesterday before the employers' committee arrived, and called upon the executive again after the business men had returned to Chicago. The labor leader asked the Governor to make a complete and impartial investigation before sending troops into Chicago. They also took occasion to reiterate their desire for arbitration, a plan which the employers steadfastly refuse to accept, declaring that there is nothing to arbitrate.

Besides paralyzing commerce, and entailing losses aggregating millions of dollars, the strike causes actual expenditures of $30,000 a day to the city, strikers and employers. The city spends $8,000 a day for two thousand policemen, twenty patrol wagons, 150 commanding officers and meals for the men and horses. Two thousand strike breakers, at wages ranging between $5 and $10 apiece, and 500 private detectives at $5 a day, each, cost the employers about $15,000 daily. The strikers actual expenses exclusive of lost wages, are $3,000 a day. One thousand extra deputy sheriffs at $3 apiece impose a cost of $3,000 a day upon the county. Furnishing meals to the deputies and the strike breakers increase the total to fully $30,000 a day. At least as much more is lost to merchants and manufacturers, making a grand total of $60,000 as the daily loss sustained by Chicago. When bills for surgeons and hospitals for the treatment of the injured are added to this, it is not an extravagant estimate to place the figures at $2,000,000 a month. Drastic orders were issued by the police this morning that arrests shall be made of all persons who indicate a tendency to follow wagons manned by strike-breakers. Chief O'Neill believes that the elimination of this feature will make for a general observance of peace conditions. The innocent by-stander, therefore, seems to be in even more danger than heretofore, especially the by-stander whose extreme curioisity gets the better of his judgment of safety. Huge caravans of wagons were started out this morning under heavy guard of police and deputies. In the first two hours of business disturbances were few and of minor importance.

This afternoon a number of leading merchants and officers of the employers' association will meet to discuss the matter of asking the Sheriff to appeal to the Governor for the presence of State troops. Meanwhile, the strikers, having temporarily won their fight against the ordering out of the militia, as they assert, prepared to concentrate their efforts in a large measure to the attempt to shut down the Union Traction Company's lines by preventing the delivery of fuel. To this end large bodies of pickets were stationed about the yards of the coal company, which has the contract. One hundred negro teamsters were taken from the non-union lodging houses and under police escorts driven to the coal yards. The commission men today adopted resolutions calling on the express companies to make deliveries on the street, to pick up good for shipment and to correct outside impressions that perishable merchandise cannot be billed to Chicago. School Board.

At the monthly meeting of the City School Board held last night there were present Capt. Herbert Bryant, chairman, and Messrs. Thompson, Yates, Stabler, Thomson, Carne, Carter, Smoot, Dr. Smith and the Superintendent.

Mr. Stabler reported that no work had been done on the school buildings except that shades had been put in the windows of the old building on south Washington street; he also stated that the committee on schoolhouses and furniture had met City Engineer Dunn who would look into the matter of the reported weak cellar wall of Peabody building; also that Mr. Dunn had stated that the windows in Peabody building which the fire escape faced, could be cut down, if necessary, to the level of the platforms of the escape.

The clerk read a resolution adopted by the City Council asking information of the board concerning the school finances, term of session, &c., and stated that he had furnished the information desired in a statement signed by the chairman and himself.

The chairman said he had deemed it unnecessary to call a meeting of the board for this purpose when the information could be furnished without a meeting.

The clerk then read a statement of the finances of the board.

Mr. A. H. Thomson stated that the finance committee of the board had been summoned to attend a joint meeting of the City Council finance and school committees, but that he was the only member of the school board present. He had been asked questions concerning the Council resolution of inquiry and had told the committee that the board had enough money to pay the teachers for the time for which they had been elected; that he did not think the matter should have been referred to Council and that Council really had nothing to do with the questions that came before the School Board.

Mr. Carne wished the board to assert itself; under the laws Council had nothing to do with the schools; Council had not interferred till recently and no good had resulted; the law provided that Council should appropriate so much money to conduct the schools and the School Board was required to expend this money to the best advantage of the schools.

The Superintendent said it was in the province of the board to extend the school session till the end of June. In this all the members acquiesced.

After some debate Mr. Smoot offered a resolution to extend the school session from the middle till the end of June.

Dr. Smith suggested a preamble to Mr. Smoot's resolution, setting forth that in view of the fact that the board had found from its present financial condition that the schools could be continued to the end of June, which fact had not been anticipated at the beginning of the school year, that the session be extended.

The preamble and resolution were then adopted.

The Superintendent reported that he had visited the schools frequently during the month; that he had given the Easter holiday after consulting with the chairman and that after a conference between the Mayor and chairman, the schools had been closed this Thursday evening in respect to the memory of Gen. Fitzhugh Lee.

The Superintendent also stated that during the month one of the white teachers had been absent by reason of illness for two days and one for one day, during which time their schools were closed, and that one had been absent for two days, but that her school had been kept open by a substitute.

A letter from Miss Hunter A. Carter, of Burk's Garden, asking for a position as teacher in case of a vacancy, was referred to the Superintendent.

Mr. Carne offered the following:

Resolved, That the City Council be informed that the City School Board wishes that the school term of 1905 6 shall be for full ten months.

Dr. Smith offered an amendment that the present appropriation will not admit of such term and Mr. Carne accepted the amendment.

Mr. A. H. Thomson was not in favor of a ten months' session; he thought it would be better to have a nine months' session and higher salaries per month for the teachers.

After some debate the resolution and amendment were adopted by a vote of ayes, 7; nays, 2.

On motion of the Superintendent, the question of salaries was referred to the committee on finance.

Mr. Carter was appointed on the committee on schoolhouses and furniture.

The board then adjourned.

Several professional people have been engaged to participate, among them Mr. Thomas Moore, the noted baritone singer; Mr. Jesse Niehmeyer, the well-known character comedian; Mr. George H. O'Connor, who is favorably known to Alexandria playgoers; Mr. Harry Fleischmann, who has a reputation as a good comedian, and Mr. Frank Jacobson. Besides these Messrs. McCarthy, McIntosh, Fenall, Cartin, McCartin, Thompson, Tomlinson and others, assisted by the St. Joseph's Glee Club, of Washington, with a chorus of thirty, will participate. Messrs. J. As heretofore stated the Southern Railway Company will run a special train to Seminary station tomorrow, leaving here at 12:15 p. m. and returning at 6:30 p. m. Serious Accident.

Laura Richards, eleven years old, whose parents live in the northeastern section of the city, was the victim of a serious accident yesterday evening. A sister had procured a loaded pistol which had thoughtlessly been left within the reach of the children, and while playing with the weapon it was discharged. The ball struck Laura on the wrist and being deflected lodged in the abdominal cavity. The child was taken to the Alexandria Hospital where she was attended by Doctors Klipstein and Gorman. They however, were unable to locate the bullet. The little girl's condition is serious.

Debris in Street.

The debris incident to the fire a few days ago on the west side of Fayette street, between Cameron and Queen, still blocks the sidewalk, and is an eyesore to people in the neighborhood. Several dogs were burned to death during the fire, and their putrifying carcases are still in the ruins. Yesterday their presence was made known to those whose business carried them into the neighborhood. It is suggested that the authorities should take steps to have the place cleaned up.

Return of Company.

Company G, Seventy-first regiment, of this city, returned home from Richmond about one o'clock this morning. The company formed part of the pageant which attended the funeral of the late General Fitzhugh Lee. The Alexandria company was commended for its soldierly appearance, proficiency in evolutions, &c. The command was entertained last night at Lee Camp Hall in Richmond, where a sumptuous supper had been spread.

Escape Collision.

There was another narrow escape from a head-on collision about 5 o'clock yesterday evening between two electric trains where the cars pass beneath the southern approach to the new railway bridge. The two trains were brought to a stop within a short distance of each other, and the southbound train was backed to a siding near the south end of the Long bridge in order to let the northbound train pass.

Glass Smashed.

Some vandal last night threw a brick into the show window of Bernheimer & Co's store, southwest corner of King and Lee streets. The missile went through the heavy plate glass, making an a perture over two feet long and about a foot wide. Nothing was taken from the window, and the act seems to have been wanton and malicious. The glass was valued at about $50.

The Weather.

The warm weather of yesterday was followed last night by a northeast wind, cloudiness and lower temperature. This morning the same conditions prevailed. There was a light shower during the night. The mercury was 22° lower this morning than yesterday. The cool wave is said to have started in Hartford, Conn., and is working west.

Nan Patterson.

No positive steps were taken in New York yesterday toward having Nan Patterson released on bail, it being agreed by her counsel and her father that, even though bail were possible at once, it would be better for the girl to remain quietly in the Tombs for a rest after the ordeal she underwent Wednesday night

District Attorney Jerome, who has been in Albany since Wednesday, looking after certain legislation said last night that the vote of the jury in the case of Nan Patterson would determine to a large degree his decision whether to put her on trial again for the murder of Caesar Young. If the jury was preponderantly against her, he might try her again; if the majority was in her favor, he might consent to her release. He said he was not yet reliably informed as to how the jury stood. He would not comment on the jury's disagreement though it evidently did not greatly surprise him.

Bananas 3 Cents a Bunch.

The banana war is still on in Baltimore between the United Fruit Company and the Atlantic Fruit Company. They are competing to see which can bring the greatest amount of the fruit to that market, and as a result the prices have been depressed to 3 cents a bunch, bought at the steamer. This is the lowest figure for bananas ever reached in Baltimore, although there have been occasions when they were given away because too ripe for transportation or retailing. Eight steamers arrived this week, bringing 165,978 bunches. This exceeds last week's receipts 142,668 bunches.

Feats of Memory.

Both Napoleon I and III had extraordinary powers of memory. It is said of the first that he could repeat the names of his fullest regiment, having heard the list but once read. Later in life, discovering one of his old soldiers in a certain stonecutter, he was able to tell at once the rank he held in the army, the exact corps and regiment he belonged to, where he had served and the individual character he had borne for bravery.

Seneca complained of old age when he could not, as formerly, repeat 2,000 words in the order in which they were read. Druids taught their whole circle of sciences in 20,000 verses, which students were called upon to commit to memory, a task frequently taking twenty years.

It is related of Wiegis, a German violinist, that upon the discovery that the score of a certain valuable opera had been lost he volunteered to write it from memory. This he successfully did to the details, and was paid a handsome sum of money. Upon many occasions Wiegis accurately performed his parts at the opera when he was so intoxicated as to make it necessary to provide him with his instrument and adjust it in his hands.

Strazniky was said to know the name and place of every one of the 100,000 volumes of the Aston library. The same was said of the old librarian Mafflabechi, who, besides knowing the name of every book of his vast library, could repeat the contents of a great number of them and could tell any inquirer not only what book would best satisfy his wishes but the chapter and page where the desired data could be found.

Mirandola would commit to memory the contents of a book by reading it three times over, and could frequently repeat the words backward as well as forward. Thomas Crammer is said to have committed to memory in three months an entire translation of the Bible, and Leibnitz, when an old man, could recite the whole of Virgil word for word.

Lastly Bossuet could repeat not only the whole Bible, but all of Homer, Virgil and Horace, besides many other works.—Chicago Chronicle.

FRIDAY EVENING. MAY 5. 1905.

The Lower Animals.

Animals have keen perceptions—keener in many respects than our own—but they form no conceptions, have no powers of comparing one thing with another. They live entirely in and through their senses. To all that inner world of reflection, imagination, comparison, reason, they are strangers. They never return upon themselves in thought. They have sense memory, sense intelligence, and they profit in many ways by experience, but they have not soul memory or rational intelligence. All the fundamental emotions and appetites men and the lower animals share in common, such as fear, anger, love, hunger, jealousy, cunning, pride, curiosity, play, but the world of thought and thought experience and the emotions that go with it belong to man alone. It is as if the psychic world were divided into two planes, one above the other, the plane of sense and the plane of spirit. In the plane of sense live the lower animals, only now and then just breaking for a moment into the higher plane. In the world of sense man is immersed also. This is his start and foundation, but he rises into the plane of spirit, and here lives his proper life. He is emancipated from sense in a way that beasts are not.

The Everglades.

The climate of the Everglades of Florida is almost faultless. It is singularly equable, showing no extremes of heat and cold and not subject to sudden change. Even a "norther," coming out of the region of ice and snow, is soon softened to milder temperature, and the heat of summer is made genial, though the mercury may be well up in the eighties, by the ozonized air which is everywhere in the glades. The year is divided into the dry and rainy seasons. The latter may be roughly spoken of as including June and September, although well in the glades sudden light showers in limited areas are likely at any season, and in the autumn a high degree of humidity is constant. A lifetime might be spent in the region and no sign of malaria ever be discovered. Pure air that moves in gentle breezes over a vast expanse of pure water is the perfect assurance of health, as evinced in the fine physique, splendid coloring and athletic vigor of the Seminole, who has a monopoly of as fine a climate as there is on earth.—Century.

The Wrong Spirit.

The president of the New York Normal college was addressing a band of young women. "Young women," he said, "generally make excellent teachers. But if you dislike the work turn to anything else but teaching. We cannot succeed ever in what we hate. Bad teachers, when we find them, are persons who dislike their work. They are like the young girl in the country town who said to one of her friends:

"'Yes, I am going to take up teaching.'

"The friend looked amazed. 'You?' she exclaimed. 'You a schoolteacher? Why, I'd rather marry a widower with nine children.'

"'So would I,' said the other. 'But where is the widower?'"—New York Tribune.

Origin of the Banjo.

In the early part of the nineteenth century in the town of Banjoemas, on the island of Java, a negro native determined to construct a musical instrument for his own use. Taking a cheese box and heading it with a goatskin, he ran a handle through it, and, adapting violin strings tuned to the first, third, fifth and eighth notes of an octave, he christened it a banjo, from the first two syllables of his native town. Gradual improvements on this rough and ready instrument were made, and about the middle of the century it crossed the Atlantic and, though unpopular in London at first, soon became well liked.—London Chronicle.

"Laugh While You Can."

Hogg left Eton in 1863, about which time he met Ruskin for a memorable moment. He had run into a room where his sister was painting under Ruskin's eye. He did not notice Ruskin, but went to his sister and made some laughing remark to her. "You had better laugh while you can," said Ruskin, "for every year you live you will become more and more miserable."—From "Life of Quintin Hogg."

Intemperate Tea Drinking.

In this age of mental tension, high pressure and overstrain tea is felt to be doing much to overstock our lunatic asylums. There can be little doubt that tea drinking is a form of intemperance in these days, a national and female intoxication second only to that of strong drink and in some respects perhaps even more injurious.—Family Doctor.

"I Thank The Lord!"

cried Hannah Plant, of Little Rock, Ark., "for the relief I got from Bucklen's Arnica Salve. It cured my fearful running sores, which nothing else would heal, and from which I had suffered for 5 years." It is a marvelous healer for cuts, burns and wounds. Guaranteed at E. S. Leadbeater & Sons' drug store; 25c.

Serious Stomach Trouble.

I was troubled with a distress in my stomach, sour stomach and vomiting spells, and can truthfully say that Chamberlain's Stomach and Liver Tablets cured me.—MRS. T. V. WILLIAMS, Laingsburg, Mich. These tablets are guaranteed to cure every case of stomach trouble of this character. For sale by Gibson & Timberman and W. F. Creighton & Co.

There Is a Difference.

The difference between Kennedy's Laxative Honey and Tar and all other Cough Syrup is that it moves the bowels, thus expelling a cold from the system. This relaxes the nerve-tissues and by its healing effect on the throat and lungs the cough is relieved—cured entirely. Kennedy's is the original Laxative Honey and Tar and contains no opiates. Good alike for young or old. Tastes good. Sold by W. F. Creighton, 401 King street, and corner Queen and Patrick street.
